The Willwoods Community Faith & Marriage Ministry is offering a **free presentation for married couples** on God's awesome plan for married love. The goal of this talk is to give an in-depth look at the truth of who we are in Christ, the response of an authentic love and the steps necessary to a joy-filled marriage.

The presentation, given by Jason Angelette, is designed for *married couples* and will focus on the Church's rich teaching on marriage especially from the work of Pope John Paul II. The content will address questions like:

- † Who are we?
- † Why are we created male and female?
- † What is God's plan for marriage?
- † What role do spouses have in the world and in the church?
- † How can marriages not just survive, but thrive?

Jason received his Masters in Theological Studies from the Pontifical Pope John Paul II Institute for Studies on Marriage and Family at Catholic University in Washington D.C. He has gained much experience in the ministry through teaching Theology and working in campus ministry at two different Catholic High Schools in the New Orleans Archdiocese as well as teaching at the college level on Morality & Science. Currently, Jason is the Director of Faith and Marriage at *Willwoods Community*. He is also the co-host for a weekly television program on *WLAE* entitled Issues and Faith.

Jason and his amazing wife, Elise, live in Covington with their 3 beautiful children.
